Diabetes Victoria presents submission to parliamentary inquiry

During National Diabetes Week, we invited contributions from the diabetes community to inform our submission to the Federal Government's inquiry into diabetes in Australia.

We were inundated with responses – thank you to everyone who found the time to contribute your open and honest feedback.

Your stories and insights have been pivotal in creating our response to the inquiry – no one understands diabetes more than a person who lives with diabetes.

Our submission has now been put forward, and we welcome the opportunity to work with all levels of Government and community on programs and innovations to reduce the impact of diabetes.

[You can read Diabetes Victoria's submission in full on our website.](#)
