

PARTICIPANTS NEEDED FOR A DIABETES VISION STUDY

Researchers from Deakin University are investigating possible links between eye health and nerve damage in diabetes.

The researchers are recruiting participants who have diabetes to undertake non-invasive foot and vision tests.

Participants will be needed for two sessions of up to 1.5 hours each at **Deakin University Waurn Ponds campus**.

You may be eligible to participate if you:

- **Are aged between 18 to 85**
- **Have a prior diagnosis of Type 1 or 2 Diabetes**
- **Have no prior diagnosis of glaucoma**
- **Have no history of multiple sclerosis**

Participants will be compensated for their time with a \$30 gift card for each session (\$60 total).

Your participation in this study is strictly voluntary and you are free to withdraw at any time.

If you are interested in participating or would like more information about the study, please contact:
